

Building a Brighter Future!

Dear <<CnAdrSal_Salutation>>,

Words seem inadequate to express my gratitude and appreciation for my scholarship. As a single mother of two, I once struggled to earn a liveable wage. At 53, I did not have a degree and job offers in my field offered just above minimum wage for applicants with no college experience. I was on the breaking point of giving up my dream.

Earning a degree will help my family escape the vicious cycle of life on the edge of homelessness. This scholarship has also rekindled my drive to make a positive difference in the lives of others. I intend to work in healthcare education supporting the disabled and disadvantaged. I'm excited to see my dream manifest into reality.

It is inspiring to think about the day when I can pay forward the generosity I have received and help bring someone else's dreams to life. My two sons now both attend Mt. Hood Community College, and I'm incredibly proud of them for pursuing their own educational goals.

Please make a donation to the MHCC Foundation today. Your donation will help provide scholarships that make dreams come true!

With Gratitude,
