2016-17 ANNUAL REPORT

# PRESIDENT'S MESSAGE

MHCC Foundation President,  
Angela McKenzie-Tucker

## TRANSFORMING LIVES/ BUILDING COMMUNITIES

The 2016/17 year for the Mt. Hood Community College Foundation has been exciting, productive and innovative. I am proud of what each of our foundation board members have accomplished within their committees, and in their personal involvement with the college and the community. We have been driven by our passion to ensure student success, which in turn promises a brighter future for our business, our community and ourselves.

We had yet another record breaking fundraising year, largely due to your support at our annual auction which continues to grow and refine itself in its drive to raise money and keep the focus on student success. The Foundation's efforts resulted in increased giving by

college staff, in updating our donor wall and increasing events and recognition for donor cultivation.

What's most exciting is that we are doing things we have never done before. We have overhauled the scholarship process and made it more competitive with other colleges and universities. We have put a focus on MHCC Alumni and the impact they have in the community, and we continue to engage with this group and set up events for networking and connections. And finally, this year we facilitated the largest foundation gift to the college in the form of more than \$300,000 of support to the college's new Mechatronics program.

There is momentum and excitement in our board meetings and there is still so much to come. I know that each and every member of the Mt. Hood Community College Foundation takes your support seriously. We are constantly focused on ensuring that donations are invested properly and that everything is done to benefit the campus and to support not only students attending today, but in the years to come. It is easy to feel passionate about MHCC, but you invested in your passion. Everything we do is only made possible because of your commitment. I thank you for your support and look forward achieving even more in the future.

Angela R. McKenzie-Tucker  
MHCC Foundation President

## 2016-17 MT. HOOD COMMUNITY COLLEGE FOUNDATION BOARD OF DIRECTORS

### OFFICERS

**Angela McKenzie-Tucker, President**  
General Manager,  
Lincoln Memorial Park  
and Funeral Home

**Ken Cornelison, Vice President**  
General Manager,  
Gresham Toyota

**Stan Hymel, Treasurer**  
Financial Advisor,  
Cascade Wealth Advisors

**Brock Miller, Secretary**  
Director, Shred NW

### BOARD MEMBERS

**Warner Allen**  
Managing Partner,  
Warren Allen LLP

# MHCC PATRON SAINT

## NANCY JAKSICH NAMED 2017 MHCC PATRON SAINT

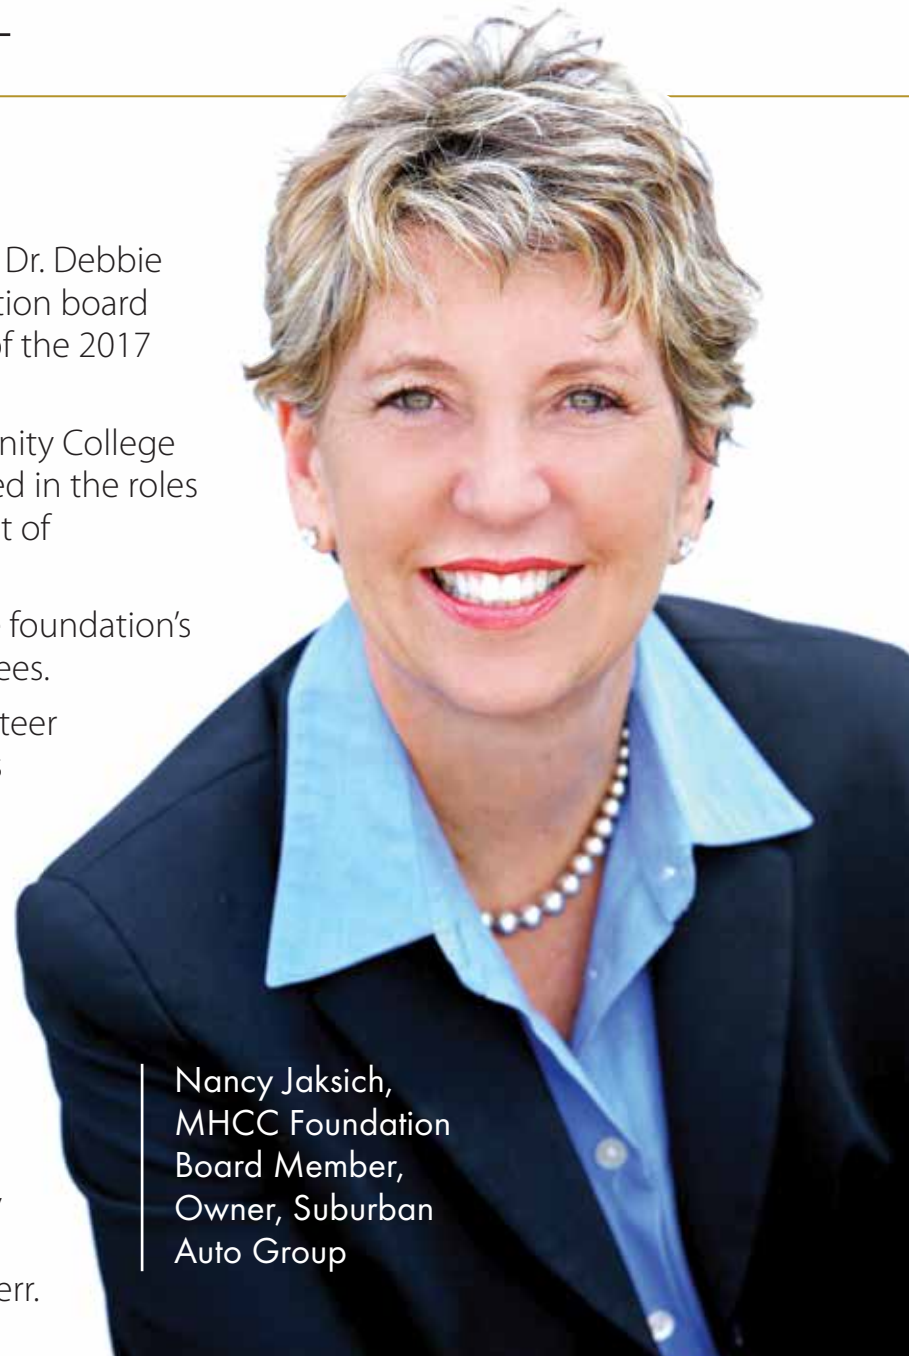

Mt. Hood Community College President Dr. Debbie Derr announced that long-time Foundation board member Nancy Jaksich is the recipient of the 2017 MHCC Patron Saint Award.

Nancy first joined the Mt. Hood Community College Foundation board in 2007. She has served in the roles of secretary, vice president and president of the foundation.

Her commitment includes sitting on the foundation's auction, finance and executive committees.

Along with spending hundreds of volunteer hours in support of student scholarships and classroom equipment, Nancy has provided tens of thousands of her own dollars in support of the foundation. Through her company, Suburban Auto Group in Sandy, Nancy and her husband Jerry have sponsored many Foundation events including the annual auction.

"It is because of her undying support of MHCC students, that we honor Nancy with the Mt. Hood Community College, Patron Saint Award FOR 2017," said Dr. Derr.

Nancy Jaksich,  
MHCC Foundation  
Board Member,  
Owner, Suburban  
Auto Group

# HERO FOR EDUCATION

## MHCC FOUNDATION ESTABLISHES SCHOLARSHIP TO HONOR COLLEGE SUPPORTERS

The MHCC Foundation Finance Committee established a new annual scholarship that honors a local community member or an MHCC employee or board member who has shown exemplary service to the college.

The Finance Committee developed the Hero for Education Scholarship to provide financial support to a worthy student and to celebrate MHCC's most-valued difference makers. Each year, the committee will select a Hero who will be recognized through the naming of the scholarship. This year, the foundation chose to honor Nancy Jaksich, owner of the Suburban Auto Group in Sandy, a Foundation board member, and recipient of 2017 MHCC Patron Saint award.

The first Hero for Education scholarship was awarded to MHCC student Sandra "Meg" Nau. Last June, Nau graduated with honors and an Associate of Arts Oregon Transfer degree from MHCC.

MHCC Foundation Finance Committee Chair Stan Hymel presents the Hero for Education Scholarship plaque to Nancy Jaksich.

"Earning a degree will help my family escape the vicious cycle of living on the edge of homelessness. This scholarship has also rekindled my hope to make a positive difference in the lives of others. I intend to become a teacher in math, music and philosophy, and I'm excited to see my dream manifest into reality."

- Sandra "Meg" Nau,  
recipient of the 2017 Hero  
for Education Scholarship

# MUSIC TO OUR EARS

MHCC Music student Maya Brown practices on the new grand piano purchased by the MHCC Foundation.

## NEW GRAND PIANO

The MHCC Foundation approved the purchase of a new grand piano for the Music department. MHCC music instructors Dan Davey and Kevin Lambert worked with Classic Pianos of Portland to purchase a new grand for a significantly discounted price of \$51,500. Davey had this to say about the new piano: "Thanks to the support of the college, the Foundation and Dr. Derr, we were able to purchase this beautiful 7'6" Yamaha C7X from Classic Pianos to replace the Baldwin concert grand piano that MHCC purchased in the 70s. We were also able to replace all of the tired upright pianos in our practice and ensemble rooms with brand new Yamaha pianos! This drastically improves the day-to-day operation of our department and gives our students the opportunity to perform and practice on world-class pianos."

## MORE WAYS MHCC'S FOUNDATION SUPPORTS SOME OUTSTANDING MHCC PROGRAMS:

- Purchased new grand piano for music department
- Donated \$300,000 to Mechatronics program
- Established a Mechatronics scholarship
- Partially funded Mechatronics faculty position
- Purchased floor cover for Yoshida Event Center
- Funded non-STEM math curriculum
- Sponsor of the 2017 Strawberry Short Course Festival
- Sent two students to Oxford Consortium for Human Rights

Karasalla Patton and Marlena Wright were the proud recipients of the first MHCC Student Oxford Award.

"Everything I do in my life from here on out will be inspired by what I experienced in this one week at Oxford."

- Marlena Wright

## PEAK PERFORMER

**DAVID CRESS**  
**MT. HOOD COMMUNITY COLLEGE,**  
**CLASS OF 1992**

**TELEVISION AND FILM PRODUCER,**  
**"PORTLANDIA," "PARANOID PARK"**

David Cress knew for a long time that he wanted to work in filmmaking. In the 1980s, when he was just beginning to explore his job options, he was unsure whether he could make a career for himself in his native Portland and so far from the established Hollywood entertainment industry. He persisted though and sought a program where he could study television and film, which led him to Mt. Hood Community College.

Enrolling in MHCC's television production and cable and community television program, he began developing the educational foundation that he still relies on today in his career as a producer of film, television and commercials. However, it was the instructors at MHCC that really helped Cress build his confidence and gain a foothold in the industry.

"I especially appreciate Jack Schommer; he and the other instructors were patient and immensely helpful," said Cress. "I use something that Jack taught me almost every day of my professional career, and it was he that pushed me to find a local internship, which helped launch my career." David's advice for filmography students: "Persist. It's not an easy career to get off the ground, but my experience is that if you work at it and hang around long enough, odds are it will happen for you."

Cress with MHCC President Dr. Debbie Derr: "MHCC offered one of only two programs in the area at the time," said Cress, "and it turned out to be a great move for me."

### MAJOR AWARDS/ACHIEVEMENTS:

- Three Emmy nominees and one Peabody Award for "Portlandia"
- Cannes Film Festival Special Jury Prize and Independent Spirit Best Picture nomination for film "Paranoid Park"
- Short Film Category award, Sundance Film Festival
- Jury Prize for Best Music Video, SXSW Film Festival
- Best Documentary Short, Slamdance Film Festival

# MOVING FORWARD

## MHCC FOUNDATION PROVIDES \$300,000 FOR NEW MECHATRONICS PROGRAM

The 300,000 donated to start the Mechatronics program represents the foundation's largest individual gift ever to an academic program. Mechatronics is an emerging, in-demand field that combines electrical and mechanical engineering, computer technologies and manufacturing maintenance.

"This donation sets the stage for what we hope will be the top college program in the region for industrial maintenance and automation," said Jarrod Hogue, MHCC's associate VP of Workforce, Innovation and Partnerships. "Coupled with resources from the Oregon Talent Council grant, these funds allow MHCC to expand and accelerate our path towards becoming one of the first certification centers for industrial robots in the Northwest."

Nearly half of the initial \$300,000 will be used to purchase smaller, educational versions of robotic arms commonly used in manufacturing facilities throughout the world. Students will learn to program these arms to accomplish various tasks and advanced automation, and be able to become certified in their use. Another large chunk of the funding will be used to purchase eight Amatrol Trainers. The trainers are self-contained workstations that recreate the industrial environment and simulate various manufacturing and engineering processes. This allows for a safe hands-on learning environment on equipment that is industry standard.

MHCC instructor Andrew Dryden demonstrates some of the Mechatronic program's training equipment.

In addition to the initial gift, the Foundation has also established a Mechatronics Scholarship and has partially funded a Mechatronics faculty position. "This investment will help create an exciting opportunity for so many future students" said MHCC Foundation Board President Angela McKenzie-Tucker.

## LEAVING A LEGACY

*The Foundation funds for the Mechatronics Program were provided by the Marvin and Jean Allen Charitable Remainder Trust (CRT). Jean and Marvin Allen created the trust as a financial tool that allowed them to convert a highly appreciated asset and receive lifetime income. Charitable Remainder Trusts can reduce income taxes now and estate taxes later. The Allens also had the satisfaction of knowing that they would be benefiting future generations of MHCC students.*

*There are several ways to establish your family legacy and now may be the time to do just that. For more information on legacy gifts contact Al Sigala at 503-491-7548.*

## JOIN MHCC'S HERITAGE SOCIETY

### CREATING YOUR FAMILY LEGACY

The Heritage Society consists of special friends of MHCC who, through their bequests, life income arrangements, beneficiary designations, or other forms of planned and deferred gifts, have created a legacy that will provide educational opportunities for MHCC students for years to come.

## GIVING OPPORTUNITIES

### LEGACY GIFTS:

- **Charitable Bequest**  
This is simply a distribution from your estate to a charitable organization through your last will and testament.
- **Retirement Plan Beneficiary Designation**  
Show your continued support after your death by making MHCC a beneficiary of your retirement account.
- **Life Insurance Beneficiary**  
If you have a life insurance policy you no longer need, or you would like to purchase a new policy specifically for philanthropic purposes, you can designate MHCC as the beneficiary.

### GIFTS WITH INCOME FOR YOU:

- **Charitable Gift Annuity**  
Support MHCC while retaining a life income provided by your assets and realizing tax benefits.
- **Charitable Remainder Unitrust**  
If you own highly appreciated real estate or securities, a Charitable Remainder Unitrust allows you to receive income, and provides a tax deduction.

# Dreams Come True

February 9th, 2017 Donor Appreciation Day brought together faculty, alumni and donors for an evening of food, music and the unveiling of the updated Donor Wall. Below are some scenes from the event. Thank you all who attended and for supporting this amazing school!

Because of You!
